# 1<sup>st</sup> INTERNATIONAL CONFERENCE ON ADIPOSE TISSUE

# www.icat2011.org

**WHO**

A vast audience of scientists and physicians seeking the most recent update in biology, pathology and surgical perspectives on adipose tissue, on which their own research/clinical work is focused. ICAT 2011 aims to bring together basic researchers, clinicians, surgeons specializing in obesity therapy, plastic surgeons expert in the addition or subtraction of adipose tissue and advocates of new, non-invasive treatment technologies for this tissue.

**WHERE**

In VENICE, ITALY, one of the most beautiful cities in the world, proud and protective of its cultural and architectural heritage.

**WHEN**

Thursday 1 December until Saturday 3 December, 2011.

**WHAT**

ICAT 2011 will stimulate top level debate and pool expertise in research and management of adipose tissue.

**WHY**

Adipose tissue has become known in recent years for its stem cell potential, and subtraction and/or injection techniques are currently the subject of intense debate in the surgical setting. ICAT 2011 will bring together keynote lectures delivered by a distinguished international faculty, while a large number of selected free communications will report on new data from clinical centres and basic research laboratories around the globe. ICAT 2011 will bring together leaders in the field, and, as a Sponsor or Exhibitor, you will gain valuable access and exposure!

## Scientific Secretariat

**F. Bassetto** (Padua - I), **L. Busetto** (Padua - I),  
**M. Lafontan** (Toulouse - FR), **R. Ogawa** (Tokio - J),  
**N. Pallua** (Aachen - D), **Z. L. Shen** (Shanghai - CN),  
**P. Rubin** (Pittsburg - USA), **R. Vettor** (Padua - I)

## Conference Secretariat

**congress &  
communication**

Via Makallé, 75 - 35138 Padova
