1st INTERNATIONAL CONFERENCE ON ADIPOSE TISSUE

www.icat2011.org

SCIENTIFIC PROGRAMME

WEDNESDAY, DECEMBER 1ST

MAIN SESSION 1

ADIPOSE DERIVED STEM CELLS

A. Sbarbati (Verona - I)

Adipose Tissue Anatomy

H. Majd (Lousanne - CH)

A novel approach for Mesenchymal Stem Cell Culture based on surface expansion

T. Wolter (Aachen - D)

Adipose Tissue Banking

N. Pallua (Aachen - D)

Growth Factors and Adipose Tissue

Z. L. Shen (Shanghai - CN)

Adipose Tissue: a new donor site of autologous Schwann cells

R. Ogawa (Tokyo - J)

Cartilage Regeneration using Adipose-Derived Stem Cells

MAIN SESSION 2

PATHOPHYSIOLOGY OF ADIPOSE TISSUE

M. Lafontan (Toulouse - F)

Adipose Tissue secretome

G. Ailhaud (Nice - F)

Main steps of adipogenesis and practical issues

E. Nisoli (Milano - I)

Adipose Tissue and inflammation

R. Vettor (Padova - I)

Stem cell abnormalities in metabolic disorders

F. Villarroya (Barcelona - E)

The brown-white dilemma in adipose tissue pathophysiology

Opening ceremony

F. Mazzoleni (Padova - I), G. Enzi (Padova - I)

to be confirmed

S. Cinti (Ancona - I)

The Adipose Organ: an update

R. Mazzola (Milano - I) - P. Rubin (Pittsburgh - USA)

Fat grafting to the face: from the treatment of the world war 1 to the current wars mutilated

OPENING CEREMONY

AND WELCOME RECEPTION

FRIDAY, DECEMBER 2ND

MAIN SESSION 3

METABOLIC SURGERY

C. Le Roux (London - UK)

Regulation of energy balance in animal models

M. Foletto (Padova - I)

Overview of bariatric/metabolic procedures

G. Mingrone (Roma - I)

Metabolic surgery, insulin resistance and insulin secretion

L. Busetto (Padova - I)

Is there a role for the surgical removal of Adipose Tissue?

J. Dixon (Melbourne - AUS)

Weight loss-what fat is lost?

MAIN SESSION 4

PLASTIC SURGERY: ADIPOSE SUBTRACTIVE THERAPY

C. A. Calixto (Goiania - BR)

Breast reduction with Pitanguy's technique, 25 years experience

O. Saldanha (Sao Paulo - BR)

LipoAbdominoPlasty - evolution and update

R. Bassetto (Padova - I)

Risk management in MegaLipoPlasty

K.U. Sclaudraff (Geneva - CH)

Ultrasound Assisted Lipoplasty: the third ultrasonic generation

Y. G. Illouz (Paris - F)

Arm rejuvenation by Liposuction

M. Soldin, C. Bain (London - UK)

Aesthetic body contouring: post-bariatric upper lift

MAIN SESSION 5

TECHNOLOGY FOR MANAGEMENT OF ADIPOSE TISSUE

A. Zocchi (Torino - I)

Best perspectives in breast surgery: lipocondensation and enriched fat grafting

D. De Fazio (Milano - I)

Stem cell technology in breast augmentation

V. Cervelli (Roma - I)

Platelet Rich Lipotransfer, our experience

A. Hofmann (Ulm - D)

Fat Mesenchymal Stem Cells for autologous fibroblast transfer in plastic surgery

C. Stan (Bacau - RO)

New ideas in how to harvest and to prepare the fat before injection

J. Finckenstein (Starnberg - D)

Micro graft fat cell transfers in breasts, buttocks or scars with the Water Jet System

MAIN SESSION 6

DRUGS AFFECTING ADIPOSE TISSUE

F. Muratori (Milano - I)

Problems and perspectives for anorectic drugs

U. Pagotto (Bologna - I)

Is brown adipose tissue a novel therapeutical target for obesity?

P. Marchetti (Pisa - I)

The brain-gut pancreatic axis in obesity: recent pathophysiological achievements and new therapeutic perspectives

M. D'Adamo (Roma - I)

The role of gut microbiota in obesity and metabolic diseases

SATURDAY, DECEMBER 3RD

MAIN SESSION 7

BIARIATRIC SURGERY: NEW TECHNOLOGIES

F. Favretti (Vicenza - I)

Single incision laparoscopic surgery in bariatric patients

M. Fried (Prague - CZ)

Endoscopic gastroplasty

J. W. Greve (Heerlen - NL)

Endoscopic duodenal-jejunal sleeve

MAIN SESSION 8

PLASTIC SURGERY: ADIPOSE ADDITIVE THERAPY

G. Rigotti (Verona - I)

Regenerative surgery applied to reconstruction and augmentation of breast

M. Klingler (Milano - I)

Autologous fat graft in burn outcomes

C. Herold (Hannover - D)

Genitalia rejuvenation and reconstruction with adipose tissue injection

K. Ueberreiter (Berlin - D)

Fat grafting as salvage procedure after implant failure

M. Del Bene (Monza - I)

Regenerative lipostructure to the hands

R. Giunta (Munich - D)

Lipofilling for rejuvenation of the hand - How much volume do we get?

MAIN SESSION 9

ADSC: NEW TRENDS

G. Cantarella (Milano - I)

Indications for fat injection in voice restoration

L. Teot (Montpellier - F)

ADSC and wound healing

D. Ross (London - UK)

Aesthetic body contouring: post-bariatric lower lift

F. Benslimane (Casablanca - MA)

Are stem cells important in peri orbital enhancement?

J. Y. Petit (Milano - I)

Safety of lipofilling in breast cancer patients

N. Scuderi (Roma - I)

European Regulation on ADSC

CLOSING REMARKS

COMMITTEES

CHAIRMEN

Franco Bassetto (Italy)

Luca Busetto (Italy)

Roberto Vettor (Italy)

SCIENTIFIC COMMITTEE

F. Bassetto (Italy)

L. Busetto (Italy)

M. Lafontan (France)

R. Ogawa (Japan)

Norbert Pallua (Germany)

Z.L. Shen (Republic of China)

R. Vettor (Italy)
