AIS ADVANCES IN SURGERY CHANNEL
AIS 外科前沿

PERFORMED BY:

Prof. Mario MUSELLA

MD, Full Professor of Surgery
Naples "Federico II" University, Italy
Advanced Biomedical Sciences Department

On **April 8 at 2pm (Rome Time)**, AIS Channel will be broadcasting this procedure performed by **Prof. Mario Musella (ITALY)** and his team from **AOU "Federico II", Naples, Italy.**

They will show all the steps and tricks!

Case Record:

A 43-year-old female patient gained weight (40kg) after two consecutive pregnancies. BMI 43.3 Kg/m2. She followed several diets but failed to achieve a significant weight loss.

Learning Points:

1. Preparation of a long and narrow gastric pouch at least 12 cm long

2. Preparation of the anterior/posterior face of the stomach

3. Preparation of an adequate Bilio Pancreatic limb, neither too short (poor hypoabsorptive effect) nor too long (risk of protein malnutrition)

4. Clean closure of the anastomosis

APRIL 8: Surgical Virtual Broadcast Event - One Anastomosis Gastric Bypass (OAGB)

Join us and participate in this amazing live event which will be followed all over the world!

Don't miss it at aischannel.com

LIVE HERE - APRIL 8 (02:00 PM Rome Time)
