24-26 OCTOBER 2013
ROME, ITALY
Dear Colleagues,

on behalf of the International Federation for the Surgery of Obesity and metabolic disorders (IFSO) and the Italian Society of Bariatric and Metabolic Surgery (SICOB), we are honoured to host the First International Congress “DECISION MAKING IN BARIATRIC AND METABOLIC SURGERY” which will be held in Rome, Italy, at the Radisson Blue on October 24-26, 2013.

The meeting is aimed to make debate and discussion as larger as possible on particular selected topics where selected presentations, presented by a prestigious international Faculty, will try to answer the most challenging and actual themes of bariatric and metabolic surgery.

In particular, through the "what I did and/or what I should have done" methodology, different solutions to deal with complications and sequelae of bariatric surgery will be discussed, all through detailed imaging and video presentations.

The meeting venue is, close to the wonderful historical city centre and very easily reachable from the international airport of Fiumicino. This location is strategic because it combines the charm of the Eternal City with the futuristic style of the building, of all its interiors and of its congress facilities.

See you in Rome!

Marco Anselmino & Paolo Bernante
